# nanobox | tangerine Quick Start Guide

GET SET UP

1. Insert the microSD card. The card must be in the slot for tangerine to load. The card is spring-loaded. Push to eject when needed, but leave it in for now.

2. Connect the Line Out to your mixer, speakers or headphones.

3. Connect an optional MIDI controller to the MIDI IN jack. TRS Type A and B are supported.

4. Connect the USB power cable.

5. Finger drum on the Pads Home screen or the MIDI controller and you are ready to make some beats!
